

RATE SCHEDULE A
RESIDENTIAL ELECTRIC SERVICE RATE SCHEDULE

NineStar Connect-Electric Division (NineStar) shall charge and collect for general residential and farm electric service on the following bases of availability, application, character of service, monthly rate, minimum charge, purchased power cost adjustment clause, and tax adjustment.

AVAILABILITY:

Available for all residential purposes and farm operations through one meter to each individual dwelling unit.

This schedule is available to any member of NineStar located within the territory served by NineStar.

APPLICATION:

This schedule is applicable to all electric service used exclusively for domestic and general farming purposes to individually metered single-family dwelling units; to individually metered dwelling units in duplexes, apartments, and condominiums, and for other purpose for which no other specific rate is applicable.

CHARACTER OF SERVICE:

Service under this schedule shall be single phase or three phase at NineStar's available standard voltages. Single Phase service shall be provided where power required for any motors not to exceed 10 hp. Three Phase service shall be provided for service requiring transformer capacity up to 50 kVA and where motor capacity requires more than 10 hp. All residential service required on the premises by the customer will be supplied through one meter. Standby, or resale service, is not permitted hereunder.

MONTHLY RATE:

Distribution Facilities Charge:

Single Phase	\$38.89 per month
Three Phase	\$120.45 per month

Energy Charge:

Single Phase kWh	\$0.105110 per kWh
Three Phase kWh	\$0.099338 per kWh

NineStar Connect Electric Water & Sewer Divisions
2243 E. Main Street
Greenfield, IN 46140

Purchased Power Cost Adjustment:

The amount computed at the above monthly rate shall be adjusted plus or minus by an amount calculated in accordance with the formula specified in NineStar's Purchased Power Cost Adjustment Clause (Appendix A), which is a part of the "Monthly Rate" of this rate schedule.

Minimum Charge:

The monthly minimum charge under this rate schedule shall be the "Distribution Facilities Charge

Tax Adjustment:

The amount computed at the above monthly rate as adjusted by the application of the purchased power cost adjustment clause shall be subject to taxes, assessments, and surcharges imposed by any governmental authority.

TERMS AND CONDITIONS OF SERVICE:

1. Service shall be provided in accordance with the provisions set forth in NineStar's Service Policies and Bylaws.
2. The terms of payment shall be in accordance with the provisions set forth in NineStar's Service Policies and Bylaws.

**RATE SCHEDULE B
GENERAL SERVICE NON-DEMAND
ELECTRIC SERVICE RATE SCHEDULE**

NineStar Connect-Electric Division (NineStar) shall charge and collect for general service non-demand electric service on the following bases of availability, application, character of service, monthly rate, minimum charge, purchased power cost adjustment clause, and tax adjustment.

AVAILABILITY:

This schedule is available to any member located within the territory served by NineStar.

APPLICATION:

This schedule is applicable to all single or three phase small commercial electric service required for lighting, power and any other purpose for which no other specific rate is applicable.

CHARACTER OF SERVICE:

Service under this schedule shall be single phase or multi-phase at NineStar's available standard voltages. All electric service required on the premises by the customer will be supplied through one meter. Standby or resale service is not permitted hereunder.

MONTHLY RATE:

Distribution Facilities Charge:

Single Phase	\$38.89 per month
Three Phase	\$120.45 per month

Energy Charge:

Single Phase kWh	\$0.109644 per kWh
Three Phase kWh	\$0.105732 per kWh

NineStar Connect Electric Water & Sewer Divisions
2243 E. Main Street
Greenfield, IN 46140

Purchased Power Cost Adjustment:

The amount computed at the above monthly rate shall be adjusted plus or minus by an amount calculated in accordance with the formula specified in the NineStar's Purchased Power Cost Adjustment Clause (Appendix A), which is a part of the "Monthly Rate" of this rate schedule.

Minimum Charge:

The monthly minimum charge under this rate schedule shall be the "Distribution Facilities Charge."

Tax Adjustment:

The amount computed at the above monthly rate as adjusted by the application of the purchased power cost adjustment clause shall be subject to taxes, assessments, and surcharges imposed by any governmental authority.

TERMS AND CONDITIONS OF SERVICE:

1. Service shall be provided in accordance with the provisions set forth in the NineStar's Service Policies and Bylaws.
2. The terms of payment shall be in accordance with the provisions set forth in the NineStar's Service Policies and Bylaws.
3. Service under this schedule is limited to members whose load requirement can be met by a transformer having a capacity not to exceed 50 kVA.

RATE SCHEDULE C

GENERAL SERVICE DEMAND ELECTRIC SERVICE RATE SCHEDULE

NineStar Connect-Electric Division (NineStar) shall charge and collect for large power electric service on the following bases of availability, application, character of service, monthly rate, minimum charge, purchased power cost adjustment clause, and tax adjustment.

AVAILABILITY:

This schedule is available to any member located within the territory served by NineStar with transformer capacity requirements exceeding 50 kVA.

APPLICATION:

This schedule is applicable to all electric service required for lighting, power, and any other purpose requiring less than 1,000 kVA installed transformer capacity for which no other specific rate schedule is applicable.

CHARACTER OF SERVICE:

Service under this schedule shall be single phase or multi-phase at NineStar's available standard voltages. All service required on the premises by the customer will be supplied through one meter. Standby or resale service is not permitted hereunder.

MONTHLY RATE:

Distribution Facilities Charge: \$120.45 per month

Demand Charge:

All KW of billing demand per month.....\$15.04 per KW

Energy Charge:

All kWh.....\$0.052214 per kWh

NineStar Connect Electric Water & Sewer Divisions
2243 E. Main Street
Greenfield, IN 46140

Determination of Billing Demand:

The billing demand for any month shall be the maximum kilowatt demand established by the member for any period of fifteen (15) consecutive minutes during the month for which the bill is rendered. The demand shall be as indicated or recorded by suitable recording instruments provided by NineStar and adjusted for power factor as provided below.

Purchased Power Cost Adjustment:

The amount computed at the above monthly rate shall be adjusted plus or minus by an amount calculated in accordance with the formula specified in NineStar's Purchased Power Cost Adjustment Clause (Appendix A), which is a part of the "Monthly Rate" of this rate schedule.

Tax Adjustment:

The amount computed at the above monthly rate as adjusted by the application of the purchased power cost adjustment clause shall be subject to taxes, assessments, and surcharges imposed by any governmental authority.

Power Factor:

The member agrees to maintain unity power factor as nearly as practical. NineStar reserves the right to measure such power factor at any time. Should such measurements indicate that the power factor is less than ninety percent (90%), then the demand for billing purposes will be adjusted for average monthly lagging power factor by multiplying the demand as indicated or recorded on the demand meter by ninety percent (90%) and divided by the percent power factor.

Minimum Monthly Charge:

The minimum monthly charge shall be the Distribution Facilities Charge plus any demand charge, if applicable.

NineStar Connect Electric Water & Sewer Divisions
2243 E. Main Street
Greenfield, IN 46140

Primary Service Discount:

If the electric energy is provided at the primary supply line voltage of 12,470 volts, a credit of \$0.78 per KW of billing demand will be applied where the customer owns, operates and maintains all facilities, including transformation equipment, beyond the primary metering point. NineStar reserves the right to establish the requirements for protection of NineStar's electric system.

TERMS AND CONDITIONS OF SERVICE:

1. Service shall be provided in accordance with the provisions set forth in NineStar's Service Policies and Bylaws.
2. The terms of payment shall be in accordance with the provisions set forth in NineStar's Service Policies and Bylaws.

RATE SCHEDULE C-PM
GENERAL SERVICE DEMAND ELECTRIC SERVICE RATE SCHEDULE

NineStar Connect-Electric Division (NineStar) shall charge and collect for large power electric service on the following bases of availability, application, character of service, monthly rate, minimum charge, purchased power cost adjustment clause, and tax adjustment.

AVAILABILITY:

This schedule is available to any member located within the territory served by NineStar with transformer capacity requirements exceeding 50 kVA, the electrical energy furnished is metered on the primary side of the service transformers at NineStar's option, and NineStar owns the service transformers.

APPLICATION:

This schedule is applicable to all electric service required for lighting, power, and any other purpose requiring less than 1,000 kVA installed transformer capacity for which no other specific rate schedule is applicable.

CHARACTER OF SERVICE:

Service under this schedule shall be single phase or multi-phase at NineStar's available standard voltages. All service required on the premises by the customer will be supplied through one meter. Standby or resale service is not permitted hereunder.

MONTHLY RATE:

Distribution Facilities Charge: \$142.67 per month

Demand Charge:

 All KW of billing demand per month.....\$16.46 per KW

Energy Charge:

 All kWh.....\$0.047697 per kWh

Determination of Billing Demand:

The billing demand for any month shall be the maximum kilowatt demand established by the member for any period of fifteen (15) consecutive minutes during the month for which the bill is rendered. The demand shall be as indicated or recorded by suitable recording instruments provided by NineStar and adjusted for power factor as provided below.

Purchased Power Cost Adjustment:

The amount computed at the above monthly rate shall be adjusted plus or minus by an amount calculated in accordance with the formula specified in NineStar's Purchased Power Cost Adjustment Clause (Appendix A), which is a part of the "Monthly Rate" of this rate schedule.

Tax Adjustment:

The amount computed at the above monthly rate as adjusted by the application of the purchased power cost adjustment clause shall be subject to taxes, assessments, and surcharges imposed by any governmental authority.

Power Factor:

The member agrees to maintain unity power factor as nearly as practical. NineStar reserves the right to measure such power factor at any time. Should such measurements indicate that the power factor is less than ninety percent (90%), then the demand for billing purposes will be adjusted for average monthly lagging power factor by multiplying the demand as indicated or recorded on the demand meter by ninety percent (90%) and divided by the percent power factor.

Minimum Monthly Charge:

The minimum monthly charge shall be the Distribution Facilities Charge plus any demand charge, if applicable.

TERMS AND CONDITIONS OF SERVICE:

3. Service shall be provided in accordance with the provisions set forth in NineStar's Service Policies and Bylaws.
4. The terms of payment shall be in accordance with the provisions set forth in NineStar's Service Policies and Bylaws.

NOT IN USE

RATE SCHEDULE LP
LARGE POWER ELECTRIC SERVICE RATE SCHEDULE

NineStar Connect-Electric Division (NineStar) shall charge and collect for large capacity power electric service on the following bases of availability, application, character of service, monthly rate, minimum charge, purchased power cost adjustment clause, and tax adjustment.

AVAILABILITY:

This schedule is available to any member of NineStar located within the territory served by NineStar and located adjacent to an electric distribution or transmission line of NineStar that is adequate and suitable for supplying the required service.

APPLICATION:

This schedule is applicable to all electric service required for lighting, power, and any other purpose requiring greater than 1000 kVA of installed transformer capacity for which no other specific rate schedule is applicable.

CHARACTER OF SERVICE:

Service under this schedule shall be three phase, 60 Hertz, alternating current at NineStar's available standard voltages. All service required on the premises by the customer will be supplied through one meter. Standby or resale service is not permitted hereunder.

MONTHLY RATE:

Distribution Facilities Charge: **TBD** per month

Demand Charge:

All kW of billing demand per month @ **TBD** per kW

Energy Charge:

First 200 kWh of energy use per kW..... **\$TBD** per kWh
Next 200 kWh of energy use per kW **\$TBD** per kWh
Over 400 kWh of energy use per kW **\$TBD** per kWh

Determination of Billing Demand:

The billing demand for any month shall be the maximum kilowatt demand established by the member for any period of fifteen (15) consecutive minutes during the month for which the bill is rendered. The demand shall be as indicated or recorded by suitable recording instruments provided by NineStar and adjusted for power factor as provided below.

Purchased Power Cost Adjustment:

The amount computed at the above monthly rate shall be adjusted plus or minus by an amount calculated in accordance with the formula specified in NineStar's Purchased Power Cost Adjustment Clause (Appendix A), which is a part of the "Monthly Rate" of this rate schedule.

Tax Adjustment:

The amount computed at the above monthly rate as adjusted by the application of the rate adjustment clauses shall be subject to taxes, assessments, and surcharges imposed by any governmental authority.

Power Factor:

The member agrees to maintain unity power factor as nearly as practical. NineStar reserves the right to measure such power factor at any time. Should such measurements indicated that the power factor is less than ninety percent (90%), then the demand for billing purposes will be adjusted for average monthly lagging power factor by multiplying the demand as indicated or recorded on the demand meter by ninety percent (90%) and divided by the percent power factor.

Minimum Monthly Charge:

The minimum monthly charge shall be the Distribution Facilities Charge plus the demand charge.

Primary Service Discount:

If the electric energy is provided at the primary supply line voltage of 12,470 volts, a credit of \$0.25 per kW of billing demand will be applied where the customer owns, operates and maintains all facilities, including transformation equipment, beyond the primary metering point. NineStar reserves the right to establish the requirements for protection of the NineStar's electric system.

TERMS AND CONDITIONS OF SERVICE:

1. Service shall be provided in accordance with the provisions set forth in NineStar's Service Policies and Bylaws.
2. The terms of payment shall be in accordance with the provisions set forth in NineStar's Service Policies and Bylaws.

NOT IN USE

RATE SCHEDULE LP-PM
LARGE POWER ELECTRIC SERVICE RATE SCHEDULE

NineStar Connect-Electric Division (NineStar) shall charge and collect for large capacity power electric service on the following bases of availability, application, character of service, monthly rate, minimum charge, purchased power cost adjustment clause, and tax adjustment.

AVAILABILITY:

This schedule is available to any member of NineStar located within the territory served by NineStar and located adjacent to an electric distribution or transmission line of NineStar that is adequate and suitable for supplying the required service. The electrical energy furnished is metered on the primary side of the service transformers at NineStar's option and NineStar owns the transformer.

APPLICATION:

This schedule is applicable to all electric service required for lighting, power, and any other purpose requiring greater than 1000 kVA of installed transformer capacity for which no other specific rate schedule is applicable.

CHARACTER OF SERVICE:

Service under this schedule shall be three phase, 60 Hertz, alternating current at NineStar's available standard voltages. All service required on the premises by the customer will be supplied through one meter. Standby or resale service is not permitted hereunder.

- 2 The terms of payment shall be in accordance with the provisions set forth in NineStar's Service Policies and Bylaws.

RATE SCHEDULE SYL
SECURITY LIGHTING SERVICE

NineStar Connect-Electric Division (NineStar) shall charge and collect for security lighting service on the following bases of availability, character of service, monthly rate, and tax adjustment.

AVAILABILITY:

Available to any member of NineStar for continuous, year-round service for outdoor lighting where 120-volt service exists ahead of the meter loop.

CHARACTER OF SERVICE:

A photoelectric controlled area lighting service using lamps and equipment available under this schedule. This includes photoelectric control equipment, lighting fixture, decorative pole, and bulb. Any additional investment required by the extension of secondary lines, or hanging of a transformer or installation of additional poles for the sole purpose of this service, will require a contribution by the member.

Two types of service are available under this schedule: I) NineStar installed and owned; and, ii) power only service. With NineStar installed and owned service, the developer or property owners' association shall be responsible to make contributions for any additional investment such as extension of secondary lines, hanging a transformer, or installation of additional poles for the sole purpose of this service. The cost of the decorative fixtures, poles and lamps including installation costs are borne by NineStar. Power only service is for lighting service where NineStar supplies only unmetered capacity and energy required for area lighting service. The customer, developer or property owners' association is responsible for the installation, operation and maintenance of the lighting equipment. The lighting equipment remains the property of the developer or property owners' association and the NineStar will not be responsible for any costs of operating and maintaining such equipment.

MONTHLY RATE:

<u>Size/Fixture Type</u>	<u>Monthly Maintenance Fee</u>
175 W MV	\$11.77
400 W MV	\$15.99
100 W HPS	\$11.77
40 W LED	\$11.77
70 W LED	\$15.99

NineStar Connect Electric Water & Sewer Divisions
2243 E. Main Street
Greenfield, IN 46140

Tax Adjustment:

The amount computed at the above monthly rate shall be subject to taxes, assessments, and surcharges imposed by any governmental authority.

MAINTENANCE OF CIP OWNED LIGHTS:

Maintenance of NineStar Owned area lights shall be routinely scheduled during normal working hours at the NineStar's convenience. The member shall be required to pay for replacements due to vandalism or willful destruction.

RATE SCHEDULE SL
STREET LIGHTING SERVICE

NineStar Connect-Electric Division (NineStar) shall charge and collect for street lighting service on the following bases of availability, character of service, monthly rate, and tax adjustment.

AVAILABILITY:

Available to any member of NineStar for continuous, year-round service for unmetered street lighting where 120-volt service exists ahead of the meter loop.

CHARACTER OF SERVICE:

A photoelectric controlled area lighting service using lamps and equipment approved by NineStar. This service includes power only service to customer-owned lighting installations including photoelectric control equipment, lighting fixture, poles, fixtures, and bulbs. Any additional investment required by the extension of secondary lines, or hanging of a transformer, or installation of additional poles for the sole purpose of this service, will also require a contribution by the member.

Power only street lighting service is for lighting service where NineStar supplies only unmetered capacity and energy required for area lighting service. The customer, developer or property owners' association is responsible for the installation, operation and maintenance of the lighting equipment. The lighting equipment remains the property of the developer or property owners' association and the NineStar will not be responsible for any costs of operating and maintaining such equipment.

MONTHLY RATE:

<u>Size</u>	<u>Fixture Type</u>	<u>Power Only</u>
75 W	Compact Fluorescent	\$3.40
100 W	High Pressure Sodium	\$4.90
150 W	High Pressure Sodium	\$7.45
250 W	High Pressure Sodium	\$11.15
75 W	Metal Halide	\$3.40
1000 W	Metal Halide	\$44.30
1500 W	Metal Halide	\$65.85

Tax Adjustment:

The amount computed at the above monthly rate shall be subject to taxes, assessments, and surcharges imposed by any governmental authority.

APPENDIX A
PURCHASED POWER COST ADJUSTMENT

The Power Cost Adjustment shall be based on a Power Cost Adjustment Factor, which shall be computed based on the following formula:

$$PCA = A + B + C - \$0$$

Where

- A = The power supplier's quarterly wholesale fuel adjustment in \$ per kWh adjusted for line losses.
- B = The power supplier's quarterly wholesale non-fuel purchased power adjustment in \$ per kWh adjusted for line losses.
- C = The power supplier's wholesale base rate cost per kWh sold. This amount is subject to periodic changes to reflect changes in the power suppliers wholesale base rates, delivery voltage or mix of long-term and short-term power supply resources. The amount is initially established at \$0 and may be adjusted periodically as circumstances warrant.

Residential Electric Time of Use Service

Service Availability

Available for all residential purposes and farm operations through one meter to each individual dwelling unit. This schedule is available to any member of NineStar Connect located within the territory served by NineStar Connect.

Application

This schedule is applicable to all electric service used exclusively for domestic and general farming purposes to individually metered single-family dwelling units; to individually metered dwelling units in duplexes, apartments, and condominiums, and for other purposes for which no other specific rate is applicable.

Character of Service

Service under this schedule shall be single phase or three phase at NineStar's available standard voltages. Single Phase service shall be provided where power required for any motors not to exceed 10 hp. Three Phase service shall be provided for service requiring transformer capacity up to 50 kVA and where motor capacity requires more than 10 hp. All residential service required on the premises by the customer will be supplied through one meter. Standby, or resale service, is not permitted hereunder.

Monthly Rate

Single Phase Energy Charge:

On-peak \$0.323828 per kWh
Off-Peak..... \$0.069401 per kWh

Three Phase Energy Charge:

On-peak \$0.340765 per kWh
Off-Peak..... \$0.061981 per kWh

Distribution Facilities Charge:

Single Phase \$38.89 per month
Three Phase..... \$120.45 per month

On Peak / Off Peak Hours

The On-Peak Hours are 4:00 P.M - 8:00 P.M. Eastern Time on Monday through Friday excluding the following holidays for which all hours are off-peak: New Year's Day,

NineStar Connect Electric Water & Sewer Divisions
2243 E. Main Street
Greenfield, IN 46140

Memorial Day, Independence Day, Labor Day, Thanksgiving Day and Christmas Day.

NineStar Connect has the right to review and modify On-peak and Off-peak hours as conditions warrant. However, there will be a maximum of 4 On-Peak hours per day and NineStar Connect will not modify the number of peak hours more often than once in any 12-month period.

Limitations

Members requesting this rate shall consult with a qualified NineStar Connect representative to discuss applicability of this rate. If a Member is dissatisfied with this time of use rate, the Member may choose to switch back to the Residential Electric Service rate at the beginning of the next regular billing period. However, after making this switch, a Member may not switch back to this time-of-use rate for the next 12 months.

Monthly Minimum Charge

The monthly minimum charge under this rate schedule shall be the Distribution Facilities Charge.

Purchased Power Cost Adjustment

The amount computed at the above monthly rate shall be adjusted plus or minus by an amount calculated in accordance with the formula specified in NineStar Connects Purchased Power Cost Adjustment Clause (the power supplier's quarterly wholesale fuel adjustment in \$ per kWh adjusted for line loss + the power supplier's quarterly wholesale non-fuel purchased power adjustment in \$ per kWh adjusted for line loss + the power supplier's wholesale base rate cost per kWh sold.), which is a part of the "Monthly Rate" of this rate schedule.

Tax Adjustment

The amount computed at the above monthly rate as adjusted by the application of the purchased power cost adjustment clause shall be subject to taxes, assessments, and surcharges imposed by any governmental authority.

Terms and Conditions of Service

Service under this schedule shall be provided in accordance with the provisions Set forth in the NineStar Connect Policies and Bylaws.

APPENDIX B
MISCELLANEOUS NON-RECURRING CHARGES

- 1.) DELINQUENT RECONNECT FEE (Applicable to Rates: A, B, C, LP, GS, SYL, SL, ETS)

If electric service is disconnected for nonpayment a charge of \$50.00 must be paid before service will be restored.

- 2.) SEASONAL SERVICE (Applicable to Rates: A, SYL)

Any seasonal service other than grain dryer service will be assessed a minimum monthly charge, or at a member's request the REMC will reconnect service as desired for a service charge of \$50.00.

- 3.) CHARGE FOR UNPAID RETURNED CHECKS (Applicable to Rates: A, B, C, LP, GS, SYL, SL, ETS)

When a check received in payment of a member's account is returned unpaid by the bank for any reason that is not the fault of the NineStar Connect the account will be considered unpaid and subject to the provisions for disconnection as specified in Rule 16 of the Public Service Commission's Rules and Regulations.

Each check returned to the Cooperative, by the drawee institution as unpaid for various reasons at the time presented for payment, will be assessed a handling charge of \$30.00 and shall be charged to the member in addition to any other charges assessed by the rate schedule.
