EXTENDING OUR REACH WITH YOUR SUPPORT

NineStar was founded upon a simple premise that members deserve to be connected to the best utility services available, regardless where they choose to live or work. Our cooperative continues to be recognized across the state, Midwest region, and even nationally for its innovative and novel approaches to providing much needed utility services for its members along with helping the development of the communities it serves. All these blessings occur through a cooperative membership that supports NineStar, along with a dedicated group of employees who, with servant hearts, strive every day to make our members' lives and communities a little better than the day before.

EXTENDING OUR REACH CAMPAIGN GOAL

Our goal is to purchase a new bucket truck. Instead of going through a lender, we are seeking to raise \$250,000 in member loans and pay you the interest. This is an opportunity to grow our cooperative economy and serve you.
